LOOK INSIDE! Costa Rican Natural History

The scientist's and dedicated amateur naturalist's guide to nature in Costa Rica this volume is known as the bible of Costa Rican Natural History.
ISBN 0226393348

Monteverde is at about 1,400 meters (4,600 ft.) and cooler than many destinations in Costa Rica. Cool misty weather is common and rain is possible any time but the wettest months are June through October, and the driest are February through April.

The yearly average temperature is about 65 °F (18°C) with overnight lows near 55 °F (13°C).
